Turmoil deep in the
Unknown Regions...

Conflict rages between a renegade Alliance fleet and the Yuuzhan Vong. Two fleets race into uncharted space to intervene. One is a coalition of Alliance, Imperial, and Chiss vessels led by a man who had served all three: Jagged Fel. The other is led by the deposed dictator Natasi Daala, who sees a chance to claw her way back to power.

The heroes of the age, Jaina Solo, Ben Skywalker, Tahiri Veila, and Syal Antilles, accompany Jagged Fel into the darkness. No one suspects the danger that awaits them. In the darkness lies yet another force lurking in the shadows, the mysterious One Sith, waiting decades to strike.
